

Masterpiece Security Group - Safety Protocol

Our main concern at Masterpiece is the health and welfare of our clients and staff, especially during this difficult and trying period:

- Airport representatives are encouraged to stay home and seek care if they are feeling sick or experiencing any of the symptoms of COVID-19.
- Our Airport representatives have redoubled their efforts to practice proper personal sanitation methods.
- Airport representatives whose jobs are in the field interfacing with vendors and clients are:
 - Encouraged to practice social distancing when facilitating pallet build up and break down and when communicating with clients
 - Required to wear protective masks and gloves while on the job
 - Limit the amount of paperwork being transferred between parties to bare necessities
- As of this date Masterpiece Airport representatives will not be providing transportation to our clients in their personal vehicles.
- Masterpiece has limited our fleet of tarmac vehicles to an essential number. These vehicles are equipped with hand sanitizer, Lysol, disinfectant wipes, and paper towels and will continue to undergo frequent deep cleanings
